FROM: Frank Filas, Reclamation Engineer 

RE: Jumbo - Jensen Quarry, M/041/008

On March 29, 1988, Holland Shepherd and I visited with Jim Jennings of U. S Gypsum at the plant in Sigurd. Poor weather conditions prevented us from inspecting the two areas which were reclaimed in 1987. We did, however, review the plan and discussed seeding and fertilizing methods in detail. Jim hopes to be able to reclaim approximately ten acres per year. Annual inspection of this work is strongly recommended.
